

ERC GeoDiverCity

ERC GeoDiverCity International Workshop

Theories and models of urbanization

Thursday 12th and Friday 13th October 2017 | Paris, France

The ambition of the meeting is to engage discussion about fundamental questions regarding urban theories and modeling. Invited keynote speeches will be followed each by a roundtable of discussion. Related major results from the ERC will also be presented. The intention of the workshop is to summarize the state of knowledge and prepare **an agenda for future research**.

Programme

Full programme and abstracts

[Download the full programme and abstracts as a .pdf file](#)

Day 1 | Thursday October 12th

URBAN THEORIES AND COMPLEXITY (1)

Keynote:

Michael Batty [🔗](#), « Which complexity for urban systems? »

Discussion:

Olivier Bouba-Olga [🔗](#), « Innovation, In and Out of the City »

Juste Raimbault [🔗](#), « Complexity, Complexities and Complex Knowledges »

[Watch video](#)

9:30

11:00

GUEST SPEAKERS

11:00-11:30 | Coffee break

BUILDING MODELS: EXPERIMENTATION OF THEORIES AND REPRODUCIBILITY

Keynote:

Romain Reuillon [🔗](#), « Towards Computer Assisted Modeling »

Discussion:

Clémentine Cottineau, Juste Raimbault, Marion Le Texier, Florent Le Néchet & Romain Reuillon,
« Using OpenMole to explore the impact of initial spatial conditions on geosimulation models »

Roundtable about OpenMole with Paul Chapron, Guillaume Chérel, Clémentine Cottineau, Mathieu Leclaire, Sébastien Rey-Coyrehourcq

[Watch video](#)

11:30

13:00

GEODIVERCITY PRESENTATIONS

13:00-14:00 | Buffet lunch

URBAN THEORIES AND COMPLEXITY (2)

Keynote:

Elsa Arcaute [🔗](#), « Scaling laws, insights and limitations »

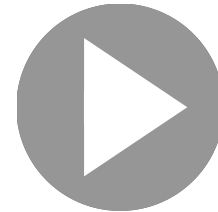

Discussion:

14:00

15:30

Horacio Samaniego [🔗](#), « The Topology of Communicating across cities in increasing sizes, or the complex task of « Reaching Out » in Larger Cities »

Francisco Maturana [🔗](#), « Urban scaling and deviations. Exploratory analysis based on functional elements and spatial planning of Chile »

Watch video

GUEST SPEAKERS

15:30-16:00 | Coffee break

URBAN THEORIES AND BIG DATA

Keynote:

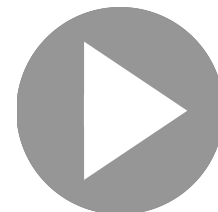

16:00

17:30

Marc Barthelemy [🔗](#), « Revisiting economics for understanding urban data »

Discussion:

Arnaud Banos [🔗](#) and Céline Rozenblat [🔗](#)

Watch video

GUEST SPEAKERS

ARE SCALING LAWS TRANSFERABLE TOWARDS URBAN THEORIES?

17:30

18:30

Presentation:

Olivier Finance [🔗](#) and Elfie Swerts [🔗](#), « Scaling

laws in urban geography. Linkages with urban theories, challenges and limitations.

Watch video

GEODIVERCITY PRESENTATIONS

Day 2 | Friday October 13th

ECONOMY VERSUS GEOGRAPHY: THEORIES OF URBANIZATION AND CITIES DEVELOPMENT

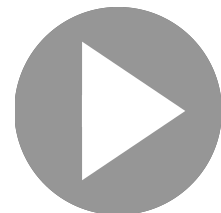

Keynote:

9:30
11:00

Michael Storper [🔗](#), « Urban systems: the geography of income and population »

Discussion:

Lena Sanders [🔗](#), Isabelle Thomas [🔗](#) and Céline Vacchiani-Marcuzzo [🔗](#), « Lions and butterflies facing geography of cities »

Watch video

GUEST SPEAKERS

11:00-11:30 | Coffee break

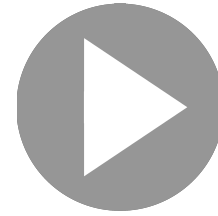

ECONOMY VERSUS GEOGRAPHY: THEORIES OF URBANIZATION AND CITIES DEVELOPMENT

11:30
13:00

Presentation:

Solène Baffi [↗](#) and Clémentine Cottineau [↗](#),
« What is emerging? Understanding urbanisation
dynamics in BRICS countries through a
geographical approach, the case of Russia and
South Africa »

WHICH THEORIES AND MODELS FROM AND FOR BIG DATA?

Watch video

Presentations:

Thomas Louail [↗](#), « Denoising data with talk:
augmented interviews to better understand spatial
behavior »

Robin Cura [↗](#), « Visual exploration and simulation
of large and long data of urban growth »

GEODIVERCITY PRESENTATIONS

13:00-14:00 | Buffet Lunch

URBAN THEORIES AND INTERNATIONAL COMPARISON

Keynote:

Fulong Wu [↗](#), « Urban theories and urbanization
processes: is China specific? »

Discussion:

Natacha Aveline [↗](#)

Elfie Swerts [↗](#)

Watch video

GUEST SPEAKERS

CONCLUDING ROUNDTABLE

15:30
17:30 INTERNATIONAL COMPARISONS:
HARMONIZATION OF DATA,
COMPARABILITY OF RESULTS, LEVEL

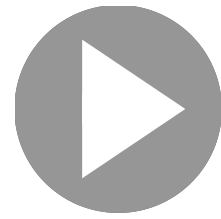

OF UNIVERSALITY FOR THEORIES AND MODELS

Animation:

Eric Denis [↗](#) and Denise Pumain [↗](#)

Questions to:

Elsa Arcaute, Michael Batty, Marc Barthelemy,
Michael Storper, Fulung Wu

[Watch video](#)

CONCLUDING ROUNDTABLE

17:30 | End of the workshop

ERC GeoDiverCity International Workshop

Publié le **2017/06/07** par **Olivier Finance**

The ERC GeoDiverCity will organize an International Workshop in October about « **Theories and models of urbanization** ». The ambition of the meeting is to engage discussion about fundamental questions regarding urban theories and modeling. Invited keynote speeches will be followed each by a roundtable of discussion. Related major results from the ERC will also be presented. The intention of the workshop is to summarize the state of knowledge and prepare an agenda for future research.

The provisionnal programme and the procedure of registration can be found on [this dedicated page](#).
