MONDAY, MARCH 13

08:30 - 09:00		Opening Session	
09:00 - 11:00		Key Notes 1	Chair: Ricardo Hurtubia
09:00 - 10:00	Explaining scaling laws from a microeconomic approach Francisco Martínez, Universidad de Chile		
10:00 - 11:00	Microsimulating Spatial Markets Eric Miller, University of Toronto		
11:00 - 11:30		Coffee Break	
11:30 - 13:00		Session 1: Scaling and Growth	Chair: Horacio Samaniego
11:30 - 12:00	Trajectories of inequality through urban scales Clémentine Cottineau		
12:00 - 12:30	Limits towards city growth: ecological and cultural limitations towards sustaining urban lifestyles Vanessa Weinberger, Pablo Marquet		
12:30 - 13:00	The Malthusian-Darwinian Dynamic and the Rise in Human Hyper-Density Joseph R. Burger, Vanessa Weinberger, Pablo Marquet		
13:00 - 15:00		Lunch	
15:00 - 16:00		Session 2: Big Data I	Chair: Sebastián Ríos
15:00 - 15:30	Analysis of the urban travel structure using smartcard and GPS data from Santiago, Chile Marcela Munizaga, Ricardo Hurtubia, Felipe Hernández		
15:30 - 16:00	Exploring urban dynamics from big data: how to map urban mobility to public spaces through Twitter M ^a Henar Salas-Olmedo		
16:00 - 16:30		Coffee Break	
16:30 - 17:30		Session 3: Big Data II	Chair: Sebastián Ríos
16:30 - 17:00	Land use fingerprints and user behavior using cell phone data Sebastián Ríos, Ricardo Muñoz		
17:00 - 17:30	Patterns of Mobile Phone Usage in Chile: Topological Description of Communication Networks Across Cities of Increasing Sizes Mauricio Franco, Boris Sotomayor, Horacio Samaniego		
18:00 - 20:00		Welcome Reception	

TUESDAY, MARCH 14

09:00 - 11:00		Key Notes 2	Chair: Marcela Munizaga
09:00 - 10:00	How would Smart Mobility affect Future Urban Transportation? Moshe Ben-Akiva , MIT		
10:00 - 11:00	Cities, cultural complexity and the the metabolic rift Pablo Marquet , Pontificia Universidad Católica de Chile		
11:00 - 11:30		Coffee Break	
11:30 - 13:00		Session 4: Land Use Models I	Chair: Pablo Marquet
11:30 - 12:00	Spatial Clustering of Human Mobility Patterns as a Tool to Define Functional Urban Boundaries Francisco Humeres , Horacio Samaniego		
12:00 - 12:30	Implementing Regional Land-use Planning in Land Change Modelling: Future scenarios of the Maipo River Basin Lenin Henríquez-Dole , Tomás J. Usón, Cristian Henríquez, Sebastián Vicuña, Jorge Gironás, Francisco Meza		
12:30 - 13:00	Vulnerability and Resilience of Critical Network-based Infrastructures Lars-Göran Mattsson		
13:00 - 15:00		Lunch	
15:00 - 16:30		Session 5: Networks I	Chair: Ángel Guevara
15:00 - 15:30	Large-scale agent-based transport and activity simulator: development and application of the MATSim Santiago model Leonardo Camus , Alejandro Tirachini		
15:30 - 16:00	A Parametric Description of Cities for the Normative Analysis of Transport Systems Andrés Fielbaum , Sergio Jara-Díaz, Antonio Gschwender		
16:00 - 16:30	Simulation of Emergency Vehicle Operations Cristián Cortés , Bruno Stefoni		
16:30 - 17:00		Coffee Break	

WEDNESDAY, MARCH 15

09:00 - 11:00

Key Notes 3

Chair: Cristián Cortés

09:00 - 10:00

The cost of congestion and the benefits of congestion pricing in the Greater LA Region: A general equilibrium analysis

Alex Anas, University of Buffalo The State University of New York

10:00 - 11:00

A (limited) survey of dynamic network equilibrium models

Roberto Cominetti, Universidad Adolfo Ibáñez

11:00 - 11:30

Coffee Break

11:30 - 13:00

Session 6: Land Use Models II

Chair: Pedro Donoso

11:30 - 12:00

A Dynamic Extension to Classical Bidding Models

Víctor Rocco, Ricardo Hurtubia, Francisco Martínez

12:00 - 12:30

A model for localization of residential real estate projects in expansion areas of Santiago, Chile

Tomás Cox, Ricardo Hurtubia

12:30 - 13:00

Estimation of Random Bidding Models of the Housing Market with Dissimilar Data by Multiple Imputation

Weixuan Li, C. **Angelo Guevara**, Moshe E. Ben-Akiva, P.Christopher Zegras

13:30 - 19:00

TRIP

(Departing at 13:30 hrs., with box lunch)

19:00 - 21:00

Official Dinner

THURSDAY, MARCH 16

09:00 - 11:00		Key Notes 4	Chair: Roberto Cominetti
09:00 - 10:00	The Smartness' Migration Impacts on Smart Cities Patricio Aroca, Universidad Adolfo Ibáñez		
10:00 - 11:00	On the invariance of the distribution of the maximum Lars-Göran Mattsson, Royal Institute of Technology, Stockholm		
11:00 - 11:30		Coffee Break	
11:30 - 12:30		Session 7: Networks II	Chair: Patricio Aroca
11:30 - 12:00	Hierarchical retrieval of networks: the effect of misaligning salient streets Rodrigo Mora		
12:00 - 12:30	Inverse model using 3D land and property platform for planning futures cities: a participatory approach Ricardo Crespo, Abbas Rajabifard		
12:30 - 13:00		Closing Session	
13:00 - 15:00		Lunch	

VENUE | ENJOY PUCÓN GRAN HOTEL | Pucón, Chile.

WEDNESDAY TRIP | Forests, Volcanoes, & Hot Springs

This tour combines the beautiful landscapes of southern Chile, some adventure, a touch of relaxation, and local cuisine.

After the omnipresent Villarrica volcano, the main attractions around Pucón are its National Parks and numerous hot spring resorts. You will experience both during this tour.

The first activity will be a 90-minute trek near Caburgua, one of the most picturesque areas outside Pucón. With its lagoons, forests, and volcanic backdrop, Caburgua is a dream for adventure lovers. This will be the starting point for a fantastic, 90-minute guided hike. Along the way you will see traces of past volcanic eruptions, lagoons, and a stunning array of flora and fauna.

A visit to the hot springs quite simply cannot be missed during your stay. The second part of today's tour will take place at

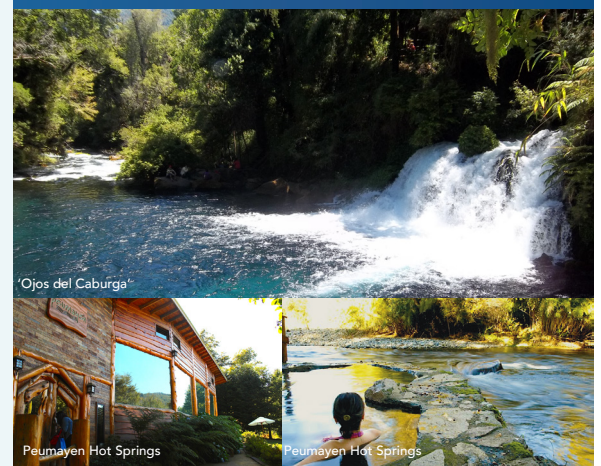

the Peumayén Hot Springs. Peumayén, which means "a place of dreams", is located on the edge of the Liucura river. You will have access to the outdoor and indoor pools, and plenty of time to relax after your busy week. Two small thermal pools offer great views up and down the river, allowing for full immersion into nature. There is also an indoor pool close to the main reception and restaurant. Finally, dinner will be served at the award-winning Fleur de Sel restaurant, where young chef Michel Moutrousteguy surprises with his Basque and Chilean dishes, and a special menu will be prepared for the group, for what will surely be a highlight of your visit. After dinner, we will return to the hotel.

WHAT TO BRING

- Walking shoes for the hike.
- Flip flops or sandals for moving between the pools.
- Layers of clothing for the temperature changes in and out of the pools.
- Swimwear.

TIMETABLE

1.30 pm	Departure from Enjoy Pucón Hotel
2.00 pm	Hike (90 minutes approx.)
3.30 pm	End of hike
4.00 pm	Arrival to Peumayén Lodge & Hot Springs Free time to explore the surroundings and access to the indoor and outdoor pools
7.00 pm	Dinner
9.00 pm	Departure
9.30 pm	Arrival to Enjoy Pucón Hotel
