Dear Professor Samaniego,

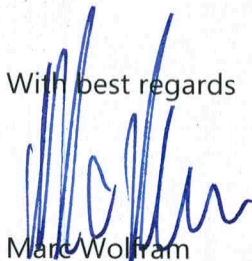

It our pleasure to invite you for the IOER Fellowship from 8 September to 7 November 2025 at the Leibniz Institute of Ecological Urban and Regional Development (IOER), Dresden, Germany.

IOER Fellowships are aimed at fostering collaborations in a longer-term perspective, building on and integrating ongoing research activities on both sides. During Horacio Samaniego's stay at the IOER he will investigate the socio-ecological dynamics of cities through three interconnected objectives:

- Analyze the Nexus of Diversity, Inequality, and Sustainability
- Quantify the Economic Returns of Occupational Diversity
- Map the Influence of Urban Scale on Social Interaction

We look forward to welcoming you at the IOER.

With best regards

Marc Wolfram
